

EDENOPOLIS FEASTING TABLES

**\$45 - \$75 per person including taxes.
Staffing and rentals additional.**

Total cost:

50 guest minimum. Most events require one or two chefs, a coordinator, and our logistics team which handles our rentals, florals, and delivery. The total cost for our back of house team, event chefs, delivery, and rentals is between \$950 - \$1550.

Waiters are \$45/hr if needed for passing food or cleaning. For example: A party at \$60 per person for 50 guests would be \$4,550, and a party for 100 would be \$7,550 including NYC sales tax, staffing, rentals, and fees.

What is included:

We bring everything you need for your table including heating equipment, risers, disposables, platters, candles, and items for decoration. We are completely self sufficient and do not need any ovens, electricity, or kitchens. These menus include an average of 1/4 lb of protein per person of each protein item. Depending on the menu and occasion these tables contain enough food for your entire event.

Flowers:

We also offer flowers for our grazing tables, or around your space as well. Floral centerpieces are \$300 - \$500 on average depending on the size or variety. If you don't want flowers, no worries! Our tables are beautiful without them and include large bunches of fresh herbs like sage, basil, thyme, and rosemary.

Custom tables:

The menus below were created to make it easy, but many of our clients create their own menus, and we encourage that! Let us know your favorite foods. You can also modify one of our menus with slight changes like: "no pork" or "more vegetarian."

CUSTOM GRAZE TABLE - \$MP

Protein: Pick three or four types of proteins, with a maximum of two hot options. Feel free to let us know your favorite recipes! We will let you know if we can do it.

Graze: Do the same for cheeses (pick two or three), dips (three or four), desserts (two or three), and let us know your favorite vegetables, fruits, breads, crackers, and more. It is easiest for us if you give us more information or dishes than you can have, so we can narrow it down based on your budget and logistical constraints. Baked items require an oven on site. We can also include salads, large format desserts, custom flowers, food art like carved fruits and chocolates, corporate branding and more. Please let us know what would make your perfect table!
